UNION.

STATEMENT BY THE TRUSTEES OF THE PERMANENT FUND.

Practical evidence of the success of the various branches of the work carried on by the society during the past year was again made manifest by the interesting reports of the several committees at the Annual Meeting held Wednesday evening, April 12, 1905 (54th year), and the Trustees are again pleased to note the continued growth and influence of the Union in the interest and welfare of the large number of young men whom it reaches.

The widely recognized importance of this work for young men has long impressed the Trustees with the feeling that the many opportunities for increased usefulness offered by the Union should even more largely be taken advantage of by young men coming to the city; and, if our kind friends, who have so generously contributed in the past, will continue to sustain the ever-increasing work of the Union, the Trustees will feel that their work has not been in vain.

They confidently hope that through the *donations and legacies* of friends the *Permanent Fund* will be so largely

increased as to render the income of great advantage and help in carrying on the future work of the society.

COMMITTEE ON FINANCE.

COMMITTEE ON FINANCE.

The preparation and presentation by your Finance Committee of their report for the fiscal year ending March 31, 1905, is a pleasant duty; and it is with feelings of gratitude to the many kind and interested friends and donors to the Union that they look back upon the healthy condition of the finances during the past year.

To fully express the deep appreciation of the kind spirit shown and the interest in the Union expressed by the many ladies and gentlemen who have made donations for the "General Purposes" of the society, would be impossible.

Through their continued kindness the varied and important work for the young men of Boston and vicinity has been maintained at its usual standard of success.

The Chairman of the Finance Committee has presented the "Book of Donors" to ladies, gentlemen, and business firms, who, as always, have most kindly and cheerfully responded.

Many of these friends have called in person or forwarded amounts, by mail or otherwise, to William H. Baldwin, President (Chairman of the Finance Committee), at his office in the Union Building, 48 Boylston Street.

As the work increases continually and we feel more and more our limitations, both in the size of our building and in our several departments, we are prompted to say that, should any friends wish to favor us by donations for the "General Purposes" of the Union, we assure them their kindness will be appreciated.

All amounts received will be entered in the "Book of Donors," and receipts sent by mail or given at the time.

The Committee present (on the next page) the financial statement by the Treasurer, William L. Richardson.

WILLIAM H. BALDWIN, *Chairman*.

COMMITTEE ON LECTURES, CLASSES,
AND ENTERTAINMENTS.

LECTURES, CLASSES, AND ENTERTAINMENTS.

To this Committee, which is one of the most important in the Union, are entrusted the arrangements for lecture courses, the charge of educational work, and provision for entertainments for our large and growing membership. The class work, as in previous years, has continued under the immediate direction of Mr. Edward A. Church, whose report follows at length.

We regret again to be obliged to call attention to the limited facilities which our rooms afford in the matter of class work, many of the rooms being taxed to their utmost capacity. We look forward to an early change in these conditions, when we can extend particular departments to the benefit of our students and the consequent advantages on the educational side.

The classes organized this year have been much the same as in previous years, embracing Languages, Law, Arithmetic, Drawing, Elocution, English Literature, Debating and Stenographic Clubs.

In the entertainment line we have provided entertainments that would suit all tastes, covering the dramatic field, the musical line, stereopticon lectures, and readings, all in a tone that we believe was elevating and instructive to our members and their lady friends. We are enabled to offer on Wednesday night in The Union Hall, which has been the regular night for many years for giving such entertainments, a series of concerts, readings, and dramatic performances, with the aid of

some of the best talent, drawn from professional as well as amateur sources.

The ladies and gentlemen who offer their services in this capacity are always most welcome at the Union, and their efforts are appreciated not only by the audiences of Wednesday nights, but by the Board of Government. The slight cost with which these various entertainments are carried on compares most favorably with other organizations of a like nature in the city, and the satisfactory results obtained in pleasure and profit cannot be overestimated.

It is not possible to thank individually the various performers of the past winter, but we make this public acknowledgment, trusting that it may reach their eye. The services of Union members in these entertainments are drawn upon where possible, and their appearances always give added pleasure to their friends in the audience.

We have but one lecture course, but that is of long standing,—the “Practical Talks”; and a winter at the Union without that course would be like the play of “Hamlet” with Hamlet left out. The lectures which bear upon travel are especially appreciated, and cover a wide variety of subjects.

Mr. H. C. Bronsdon has again been in charge of the details of the entertainment work. His knowledge of and acquaintance with the various artists has enabled us to present some of the most prominent in their particular lines.

Term, twenty weeks, beginning Oct. 31, 1904. One lesson per week in each class. Fee, \$1.00, returnable (to Union members) at close of term, less ten cents for every unexcused absence.

The Union has continued its modest educational enterprises during the past season with about the usual amount of attendance and appreciation. A long experience in this work has enabled the management to select courses which seem best calculated to meet the demands of our public, and a corps of teachers of exceptional ability and devotion. As has previously been stated, the especial province of the Union in this connection is to offer educational assistance to those who lack time for the more thorough training of the evening high schools and similar institutions, and our class member-

ship is largely made up of such persons, many public school teachers being included.

Certain changes in our lists from last year may be briefly noted. The first is the much-regretted death of Mr. F. F. Vose, who had made himself highly esteemed among us, both personally and as a teacher. His place in the *Arithmetic* chair has been ably filled by Mr. H. M. Duffill, a colleague of his in the Bryant & Stratton School, and long in charge of the Union book-keeping classes.

Our class in *Decoration and Design* was abandoned last season, partly because of the diminished demand for such a class, and partly through the withdrawal of its excellent teacher, Mr. H. D. White, and the difficulty in filling his place.

To supply this vacancy in our Art department, a new class has been added, that in *Architectural Drawing*. Under the skilled tuition of Mr. W. H. Porter, teacher of our class in *Mechanical Drawing*, the new branch has proved popular and serviceable.

Mr. Cecil Harper, long in charge of our large class in *English Literature*, having been absent in Europe during the winter, his place has been well filled by Mr. Charles Reed Nutter of the English Department, Harvard University, who has given the class an admirable course on *English Prose Fiction*.

The vocal experiment of the previous season having proved unpopular, the *Choral Club* was dropped from our list, and music no longer is taught in our evening classes.

One of the most interesting recent additions to our work is the class in *Civil Service*. This was undertaken in response to numerous inquiries, and placed under the intelligent and well-trained direction of Mr. A. E. Taylor. It was intended for the assistance of those preparing for

State or municipal examinations, and has proved of genuine value.

Without exception the other classes on our list have been admirably directed by the ablest of teachers, to whom much praise is due for their skilled and faithful attention.

Special individual mention might be wearisome to the readers (if our reports find any such), but the Elocution Class merits particular notice for the excellent contributions (noted elsewhere) which it has made to our weekly entertainments, under the care of its popular instructor, Professor Bickford.

The class in *Parliamentary Law*, familiarly known as "The Union Debating Club," merits especial attention. Under the distinguished leadership of Mr. Henry D. Coolidge, Clerk of the State Senate, it has discussed many of the questions of the day in a highly satisfactory manner, and the following list will show the wide range of its topics:—

RESOLUTIONS.

I. "*Resolved*, That capital punishment should be abolished in the Commonwealth."

RECEPTION ROOM AND OFFICE.

(Decorated for the Public Anniversary Reception.)

PUBLIC ANNIVERSARY AND RECEPTION.

The fifty-third public anniversary and reception was held in this building May 25, which brought to a close with a fitting climax the activities of the winter season. From eight to ten o'clock, in the Directors' Room, the President and Board of Government received the numerous friends who attended, and the occasion was of an informal nature, without speeches.

In the various parts of the building different orchestras held forth. In the Library the Bostonia Orchestra rendered some fine selections, while in The Union Hall the Cecilia String Quartette and the Apollo Male Quartette entertained the company. In the Gymnasium the large and active membership in that branch was drawn upon for exhibition purposes, and received a good share of attention from the visitors. This took on the nature of class and light gymnasium work, enhanced by music from The Union Orchestra, under the direction of Richard H. Cosby.

The class-rooms were all open, and decorated with specimens of the work done during the season by the pupils, and the results achieved in mechanical, architectural, and free-hand drawing by these classes were examined by interested spectators.

The rooms were magnificently decorated with floral features and plants, donated by Mr. Thomas F. Galvin, to whom we are indebted each year for this thoughtful act.

The anniversary is an occasion where the older friends and the younger members meet together, and it is al-

ways a source of gratification to Mr. Baldwin to greet again the many visitors, and many make a point of joining in the festivities of this particular evening. Ten o'clock came all too soon, and those who were fortunate enough to attend went away impressed with the growing work of the Union.

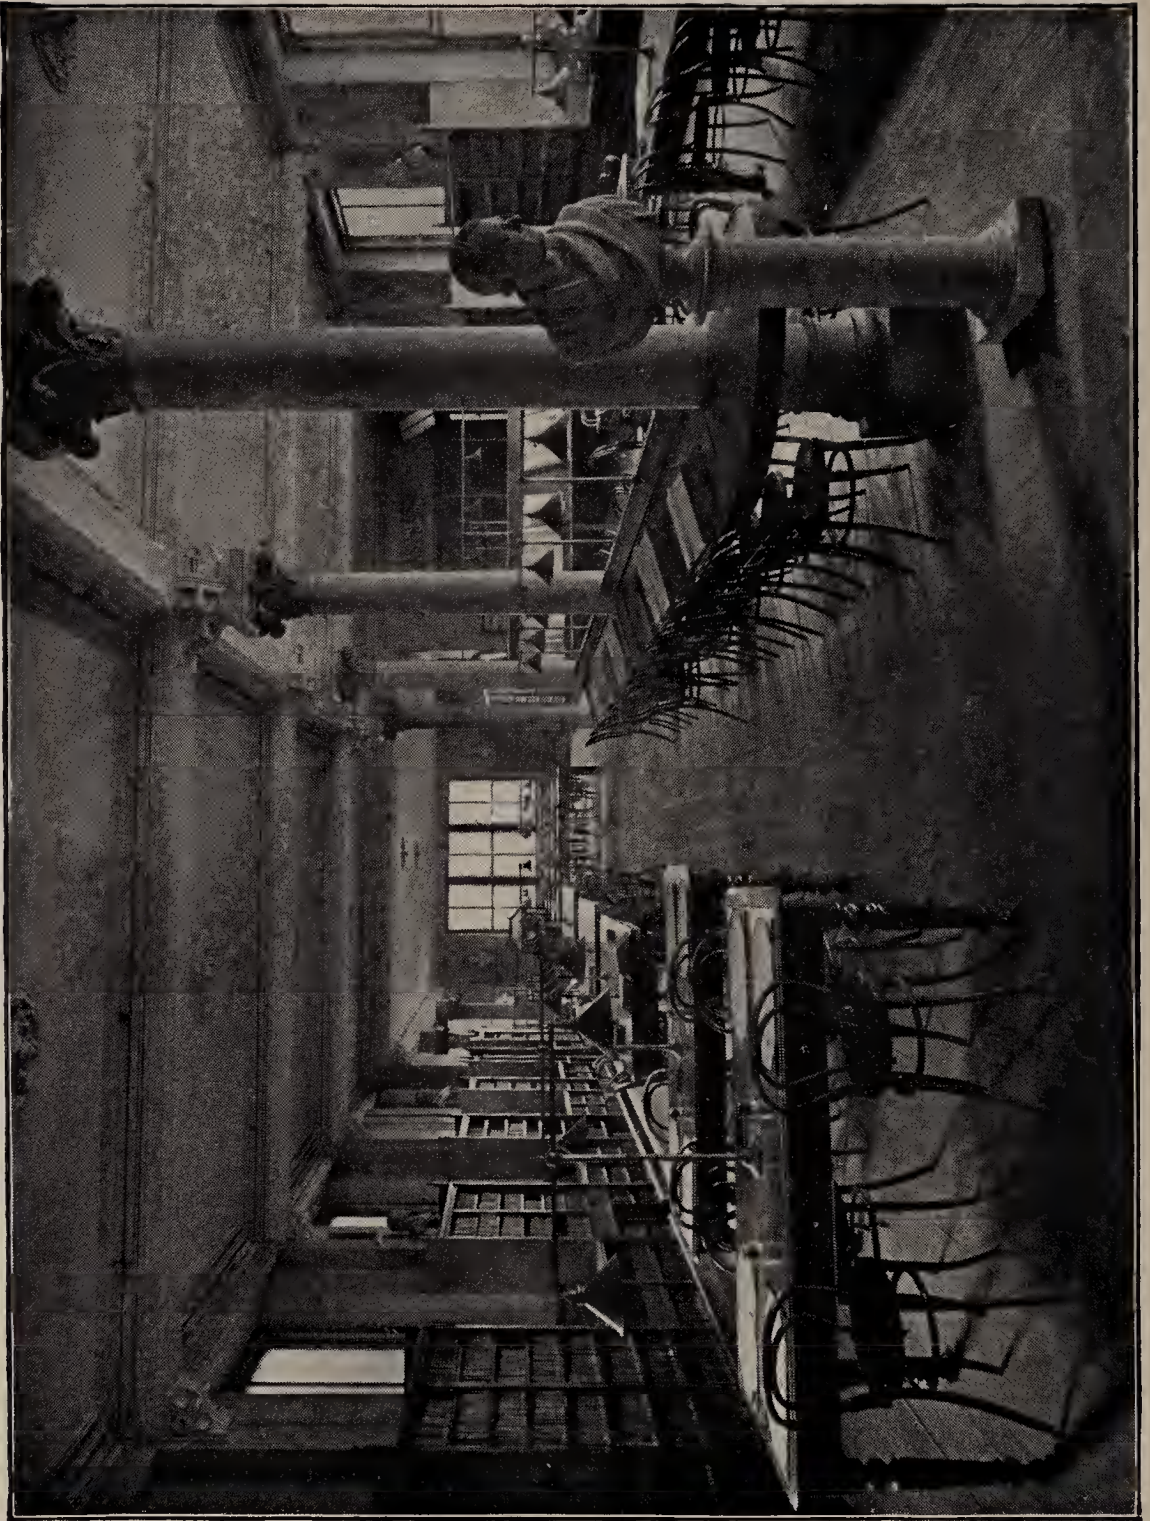

Among those who accepted the invitation were prominent members of the State and city governments, and others.

COMMITTEE ON LIBRARY.

LIBRARY, FROM RECEPTION-ROOM.

COMMITTEE ON LIBRARY.

In addition to his duties as Assistant to the President, Richard Ray, Jr., has also continued in charge of the Library, and the following report by him shows the general condition of this department during the year:—

Number of volumes at the beginning of the year		
(April 1, 1904)	17,129	
Added by gift	17	
Added by purchase	465	
Bound from periodicals	25	
Missing volumes returned	41	548
		<hr/>
	17,677	
Missing and withdrawn	128	
		<hr/>
Number of volumes in Library at present time . .	17,549	
Volumes rebound during the year	510	
Volumes worn out and replaced	48	
Issued for home reading	20,645	
Charged (April 1, 1905) as out	573	
Number of volumes in the Study	320	

The number of serials received regularly in the Reading-room during the year was one hundred and forty-two, divided as follows: nineteen dailies (of which four were duplicated), sixty-seven weeklies, one bi-weekly, forty-eight monthlies, and seven quarterlies.

The current numbers of some of the magazines—namely, *Harper's*, *Scribner's*, *Century*, *Outing*, *New England*, and *Atlantic*—were bound in covers as soon as received and placed in circulation for home use, and members had the privilege of taking one of these magazines in addition to one volume at a time from the Library.

The home circulation of the above is shown by the following statistics: *Century*, 319; *Harper's*, 356; *Scrib-*

ner's, 305; *Outing*, 168; *New England*, 85; and *Atlantic*, 93,—a total circulation of 1,326.

The Reading-room continues to be well patronized, and the list of periodicals is sufficiently attractive and up-to-date to tempt the hundreds of young men who visit the room during their leisure hours, and enable them to keep familiar with the current topics of the time.

No statistics are kept of those who visit the Library to consult the periodicals, or the use of the reference or other books. This use increases year by year, and the attention of the Librarian has been called at times to the crowded condition of the room during the past winter.

An important addition to the reference department since our last report was a set of "The New International Encyclopædia," in seventeen volumes.

Every day during the year, including Sundays and holidays, the library was open from 9 A.M. to 10 P.M.

The total circulation for home reading was 20,645.

The largest circulation for any one day was on Saturday, Feb. 24, 1905, 127; the smallest, on Sunday, June 26, 1904, 9.

The Committee have selected with their usual care and attention the books added during the year, always striving to make the Library an inspiring example, choosing from the multiplicity of volumes published such as are of permanent value and interest.

The annual examination took place during the summer, the card catalogue has been kept up, and the many activities necessary in the administration of a library have received careful and constant attention.

Manuscript lists of new books added to the Library have been posted frequently, and printed lists issued as supplements to the Union Bulletin.

All books recommended have been considered, and,

FIREPLACE IN LIBRARY AND ENTRANCE TO STUDY.

if deemed suitable by the Committee, purchased and placed on the shelves.

Outside of these few facts the year has been an uneventful one in this department. There have been no great changes, no startling innovations. In an unobtrusive manner its allotted work of providing good and wholesome reading for the purposes of education, information, or recreation, has been performed quietly and systematically, and, we have reason to believe, not unappreciated.

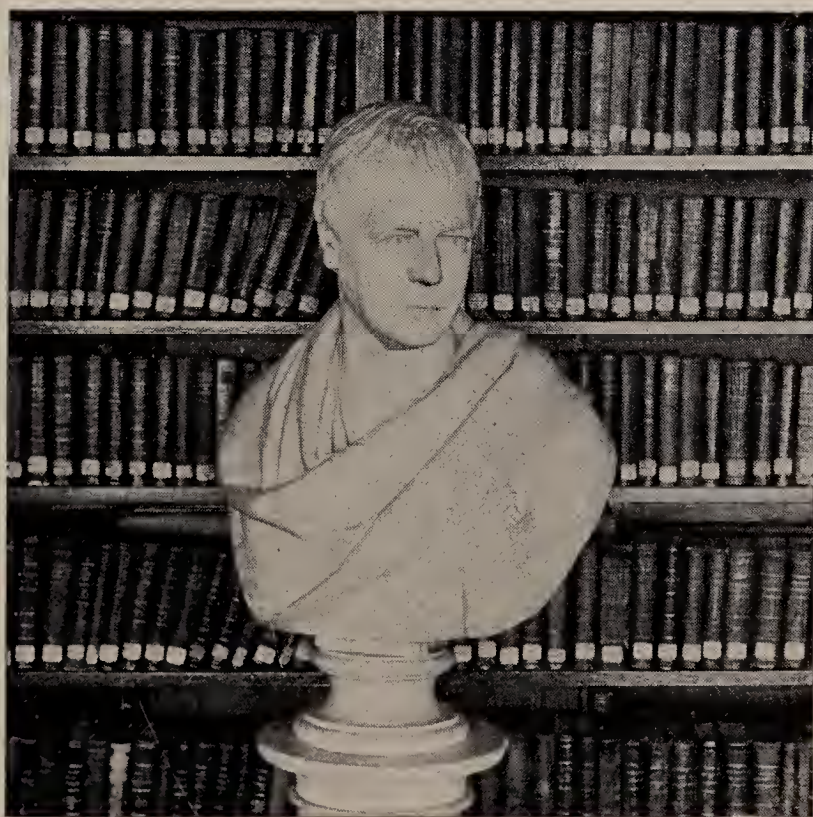

While we think the policy of the past has been the true policy of our Library, we are ever on the *qui vive* for new devices and improvements that will tend to increase our usefulness, broaden our influence; and the Committee, realizing their responsibility, look to the future, confident that we shall go forward successfully, opening the world of opportunity to the great throng of young men with whom we may come in contact.

COMMITTEE ON ROOMS.

The Room Committee, besides many other duties, has the general care and oversight of the building.

One very important factor is the repairs, which are frequent and necessary to keep pace with the times, the needs and comforts of the members. This means an economical and practical expenditure of a large portion of the Union funds each year. It was necessary to make extensive and much-needed repairs in The Union Hall, and the Committee decided to make them during the summer months, which is the best time for such work. The hall has been thoroughly renovated and decorated by a well-known Boston firm, which adds greatly to its appearance, and makes it much lighter and more attractive. The scenery has been treated with a preparation making it absolutely fire-proof, in accordance with the requirements of the Buildings Department of the City of Boston. Some new drops have been made and hung to take the place of those discarded, and modern scenery painted by professional artists to replace that which from long years of service was worn out, so that now the hall is thoroughly equipped to meet the demands of the public. This hall may be rented when not in use by the society, for concerts, lectures, public meetings, etc.

Some changes have been made in the force of employees during the past year. Edwin W. Schildknecht resigned to accept a situation with a Boston business firm, and Percy H. Chute was employed to succeed him in the position. Much need was found for a stenographer and typewriter, and Walter P. Wass was engaged. John Watt was employed as janitor, to take the place of Mr. Herman. With these exceptions the em-

ployees have remained the same. Herbert C. Bronsdon has continued as Curator, Richard Ray, Jr., Librarian and Assistant to the President, James H. Dalton, Bookkeeper, and Charles C. Shepard, Assistant Janitor. Stephen N. Wigglesworth has had charge of The Union

BUST OF THE "DUKE OF WELLINGTON" IN SITTING-ROOM.

Hall stage when in use, David T. Harding of the general repairs of the building, and others as occasion required. Nelson J. Peabody has been present evenings during the busy season, and has rendered valuable service in receiving strangers and answering questions regarding the rooms and the various departments of the society's work.

The services of these gentlemen have been very satis-

factory to the Committee, and we think the society is under great obligation to them for the interest they have shown in its welfare.

The following gentlemen, members of the Union, have acted as ushers during the season at various entertainments and meetings held in The Union Hall, and their duties have been performed with zeal and courtesy:—

CURTIS S. FAIRBANKS.

The Committee gratefully acknowledge the valuable gift of a Briggs bagatelle table, the generous donation of Mr. George Hutchinson, formerly one of the Board of Directors of the Union, by which many young men have been afforded pleasure and entertainment, the table being in great demand at hours when the young men are at leisure. Other gifts have been received, as follows:—

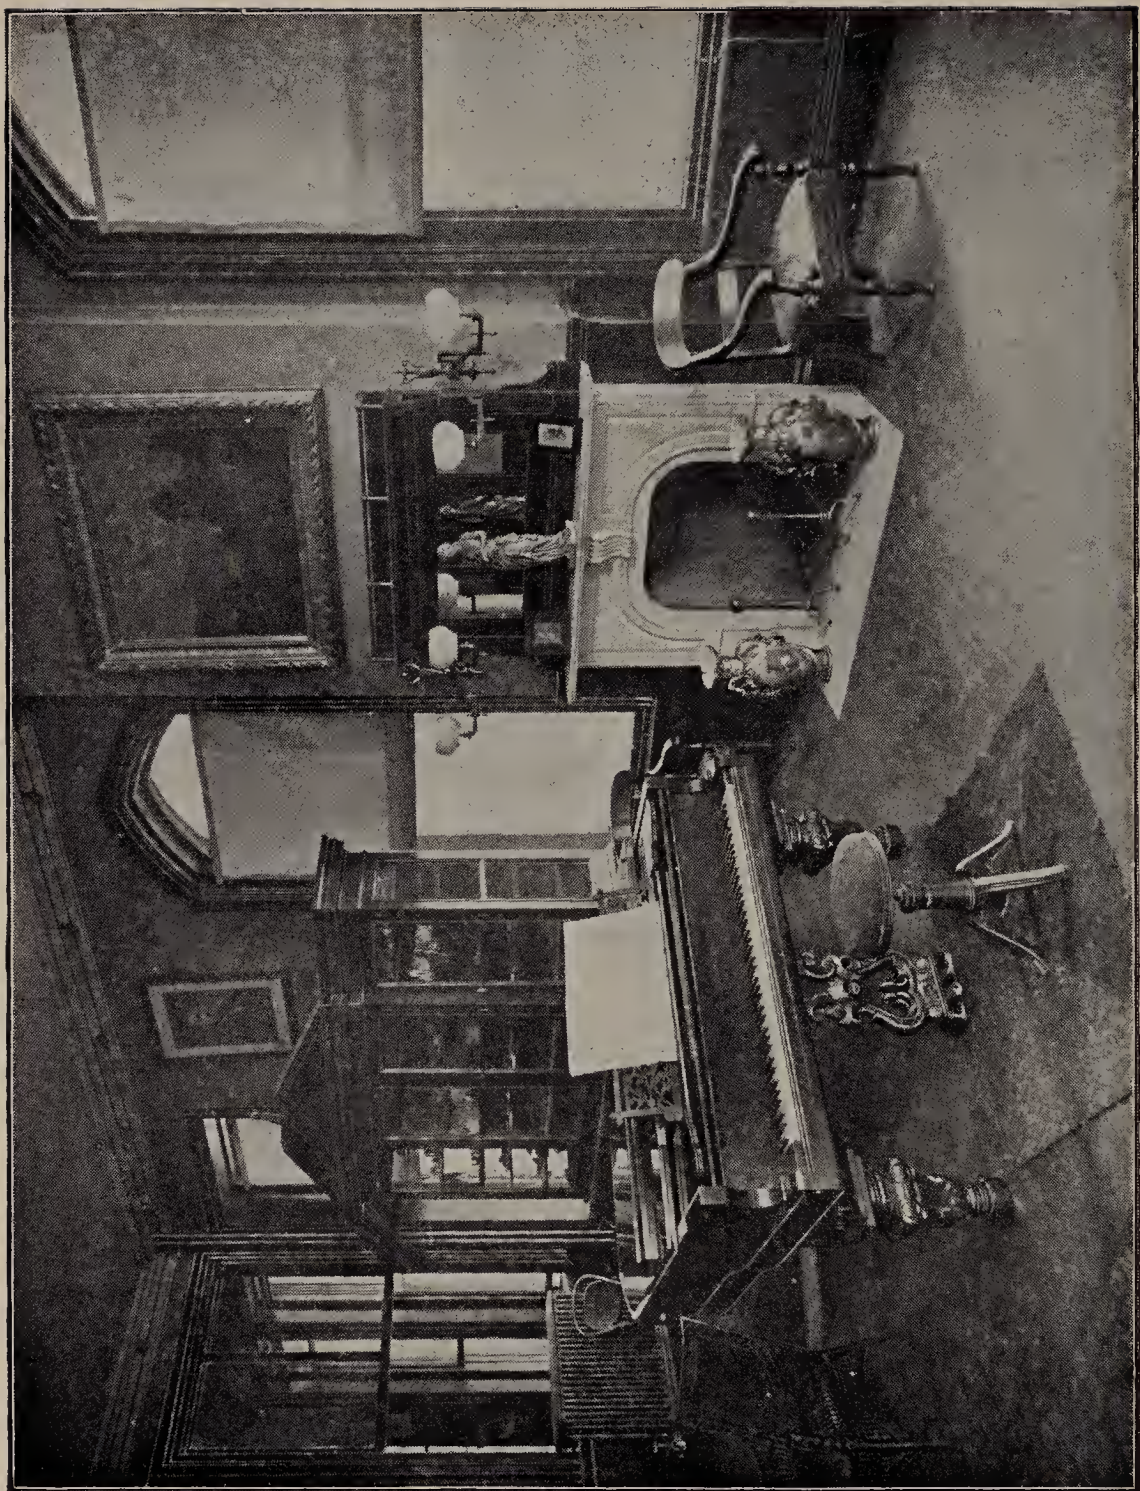

Three oil paintings, Miss Sara F. Richardson; black walnut bookcase, David H. Coolidge; revolving bookcase, Wildey Savings Bank; and six sets of chess, Richard Rowse.

We have been more than ever reminded during the year of the pressing need for more room with which to extend some of the branches of the Union work, especially the educational classes and the gymnasium, the present conditions being inadequate to meet the demands.

COMMITTEE ON BENEVOLENT
ACTION.

'COUNTRY WEEK.

COMMITTEE ON BENEVOLENT ACTION.

The benevolent work of the Union has been so systematized and so wisely administered by carefully chosen committees that its operations are as inconspicuous as those of the sunlight and the rain.

The records of the past year show a continued interest in our special enterprises, first among which appears **“The Country Week.”** Its thirtieth season was one of beneficent activity in all its lines, and the happy summer outing was enjoyed by 2,137 children and 243 adults.

The season opened with the usual Reception at the Union Rooms, June 4, when the Committee entertained the friends who had received the children in their country homes, and a happy interchange of conversation, with some more general remarks, was enjoyed by a goodly number of most goodly persons.

The statistics for 1904 follow, with the names of a generous and devoted Committee:—

Number sent into the country	2,380
Cash on hand April 1, 1904	\$1,409.84
Receipts	15,869.75
	\$17,279.59
Expenses	16,246.85
Balance March 31, 1905	1,032.74

[These figures include about \$2,300 received in legacies (the income only to be used), and the same amount expended in investment.]

Rides for Invalids next claims our notice:—

The Union prides itself on having originated this beautiful service and on having carried it on for more than thirty years, to the blessed relief of thousands of sufferers. It is a simple, direct, practical help, and needs no argument to establish its value to the worn and weary ones who enjoy its gracious benefits.

Here are the statistics for 1904:—

Carriage drives furnished	1,612
Harbor tickets	979
Car tickets	12,800

CORNER OF PARLOR. "WATERSTON COLLECTION" OF BOOKS.

The Christmas and New Year's Festival was held in The Union Hall and the outlying districts on the afternoon of Dec. 31, 1904.

There was a brilliant and numerous attendance, but no society reporter was on hand to chronicle the costumes. It was a most cosmopolitan gathering,—Yankee, Hibernian, Italian, African, Hebrew, and Armenian,—but all thoroughly American, and all eager for a good time. There were more than 650 children present, with the mothers waiting 'round the edges to see them home.

An amusing stage entertainment was given, made up of Howard's Motion Pictures, athletic feats by gymnasium boys, and a Santa Claus turn by Samuel Oliver. This was followed by some lively singing of popular songs by the children, led by Mr. Horace S. Fowle.

“Each heart recalled a different tune,
But all sang Mr. Dooley.”

Next came the ice-cream and cake, and lastly the distribution of the prize packages, each child receiving a big bundle of goods, carefully selected for individual needs.

It was a great day for the kids, and here is what it cost, with the names of a hard-worked but happy Committee:—

Number of children invited	679
Cash on hand April 1, 1904	\$142.44
Receipts	1,818.75
	<hr/>
	\$1,961.19

The Thanksgiving Dinner was duly given in The Union Hall on November 24, and the bountiful repast was most gratefully partaken of by about two hundred of our members, who might otherwise have been compelled

to take their turkey from the lunch counter or the tables of the Touraine.

The hall was bright with patriotic decoration, and the tables especially attractive, in gold and green, with pumpkins for candlesticks.

President Baldwin and Vice-President Sprague occupied the head of the tables, and speeches were made by Messrs. Sprague, Peirce, Burrill, and Ray of the management, by the Rev. E. A. Horton, and by several of the young men at the tables. An original poem by Mr. Dean Clark was read, also several letters from absentees, and "America" and Mr. Baldwin's Thanksgiving hymn were sung.

Those present on this happy occasion represented fourteen different foreign countries and fourteen States of the Union.

The following is a list of givers and gifts which made this dinner possible:—

J. Reed Whipple & Co., Parker House, poultry and plum puddings; also from Young's Hotel, poultry; George G. Hall, Adams House, poultry; pastry, cake, S. S. Pierce Company, dessert in full variety; P. & J. Besse, ice-cream; Jones, McDuffee & Stratton Company, use of crockery and glassware; Cobb, Bates & Yerxa Company, sugar, butter, etc.; David Whiting & Sons, butter and milk; Oriental Tea Company, coffee; Hiram Ricker & Sons Company, Poland water; Samuel A. Neill, spices; George H. Ellis Company, menu; flowers from Wax Brothers; also voluntary cash contributions from friends.

The Employment Bureau has received especial attention during the past year, and has proved unusually serviceable. Its important work is done without

charge either to those seeking employment or to those in want of employees.

The statistics for the year follow:—

Applications for employment	1,016
Applications for employees	374
Sent to places	466
Places filled	338

Mr. Bronsdon has continued in charge of this department, and much of its success is due to his earnest and judicious efforts. He also directs the distribution of clothing to those in need, and has been able to relieve much suffering in this connection in a very inconspicuous way.

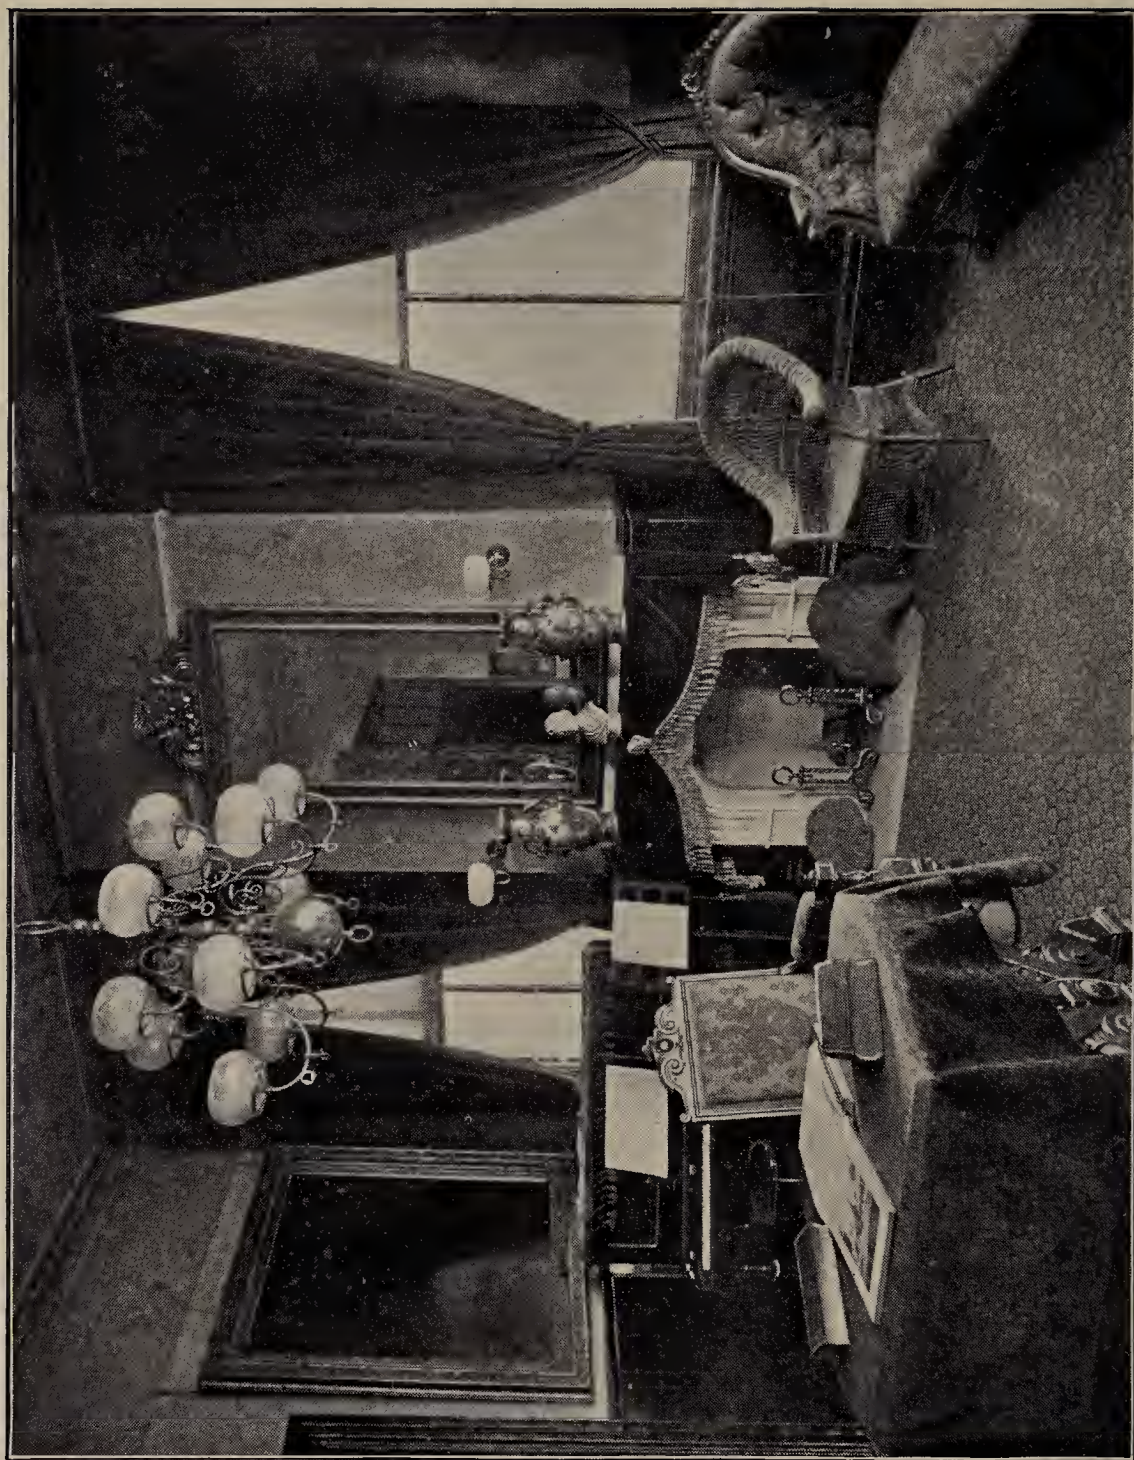

Our Board and Lodging lists have been carefully kept up by Mr. James H. Dalton. They are freely open to the public, and have proved of great service to those seeking such accommodation.

Miss Elise S. Johnson continues her invaluable work as Secretary of the "Country Week," Rides for Invalids, and Christmas Festival, giving important services in all our benevolent enterprises.

It only remains for the Committee to express its grateful appreciation of the public generosity, and to express the hope that our work will continue to merit it.

EDWARD A. CHURCH, *Chairman*.

FRANK L. LOCKE,

COMMITTEE ON PUBLIC WORSHIP
AND RELIGIOUS STUDY.

SOUTH-WEST CORNER OF PARLOR.

COMMITTEE ON PUBLIC WORSHIP AND RELIGIOUS STUDY.

The importance of a young man making the most of his life cannot be overestimated. In this age of achievement and activity he must become an all-round man, physically, mentally, morally, spiritually.

It is the aim of this Committee to provide ways and means for developing the spiritual side of a young man's nature, and to aid him in every possible way in the formation of his character by placing within his reach opportunities for religious and moral instruction.

This your Committee has always regarded as very essential to the full development of character, especially in early manhood.

On thirty-nine Sunday evenings since April 1, 1904, Vesper Services have been held in The Union Hall, conducted by clergymen and laymen of various religious denominations, to which all young people and the public were invited. Services were omitted during July, August, and September.

The Sunday evening nearest New Year's, Washington's Birthday, Easter, Patriots' Day, Memorial Day, Thanksgiving, and Christmas, was observed by a special service appropriate to the day.

One evening during the month was set aside for a lecture upon some topic of religious interest, fully illustrated by the stereopticon; and large and interested audiences attested the popularity of these lectures.

Believing that good music appeals to the higher instincts, the Committee tried the experiment of occa-

sionally introducing orchestral music, which proved to be a welcome addition to the services.

The Committee take this opportunity to publicly express their thanks and appreciation to the clergymen and others who have so kindly given their valued services, and also to those musical friends who have during the year favored the Union.

Vesper Cards have been issued each month, giving the names of speakers, with their subjects, music, and other information, which have been widely distributed to members and friends of the Union.

Your Committee is always happy to provide members with seats in any church of the city which they desire to attend free, or at a moderate expense, and render such other services as are in its power.

Summer List of Clergymen

As for several years past, a public invitation was extended to the clergymen of the different religious denominations who were to be in Boston or vicinity during the summer vacation season to send or leave their addresses with the President of the Union.

A list was carefully prepared, freely consulted, and proved to be of great convenience to many persons who had occasion to desire the services of a clergyman during that time.

COMMITTEE ON PHYSICAL CULTURE.

THE GYMNASIUM

PHYSICAL CULTURE.

The Union Gymnasium.

The Committee on Physical Culture takes pleasure in recording a prosperous year in the Gymnasium. All of the available room which can be devoted to the purposes of this department has been utilized, and the equipment has been kept in thorough order and up to date.

The very large attendance, especially in the evening, has often severely taxed the floor space; but the classes and exercises have been so arranged that overcrowding has been obviated as far as possible.

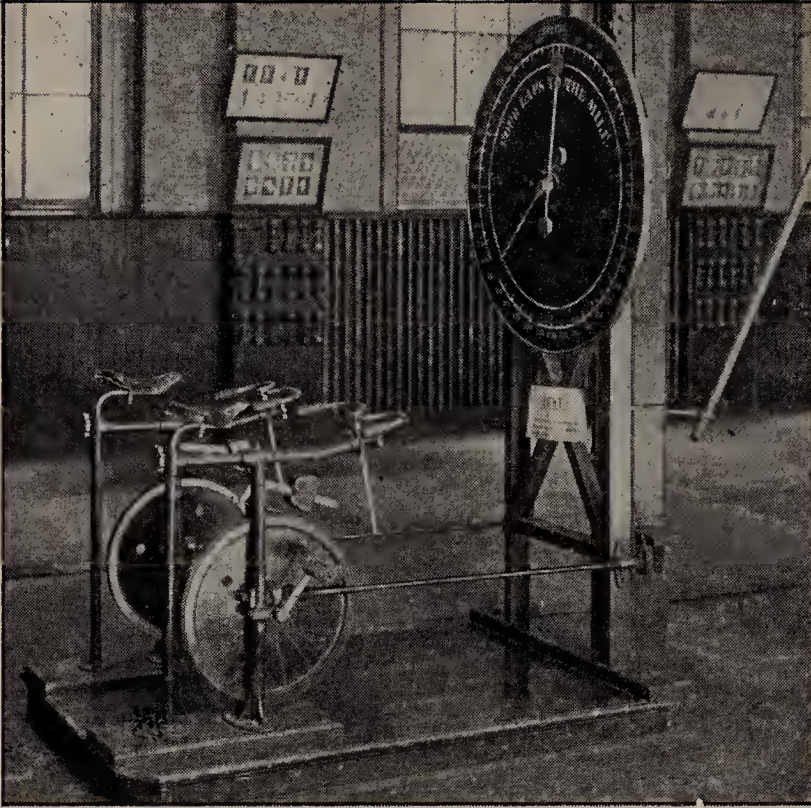

On April 1, 1905, there were 1,275 active members in the Union Gymnasium, now the largest in Boston.

This is a most gratifying showing, and proves beyond question the usefulness of a modern gymnasium, conducted on scientific and hygienic principles, and fully equipped with the most improved apparatus, designed for the rational physical development of men of all ages and conditions.

Among the new features introduced the past year was the Japanese method of self-defence, or Jiu-Jitsu, under the direction of Professor Uchimura, a skilled exponent of this difficult science and art.

Classes have also been formed in fencing, under Professor Seaholm, and in boxing, under Mr. Everett F. Parks.

The Committee has several other new features and improvements in mind, which, however, must be deferred until an enlargement of the building—a pressing necessity—will admit of their being carried out.

BICYCLE RACING MACHINE.

Class Work.

This important feature was almost unknown a generation ago; but it is now recognized as one of the most important and beneficial kinds of gymnasium work.

It is an admirable form of exercise, its simplicity appealing especially to beginners, and its short duration to those whose limited time necessitates a brief visit to the Gymnasium. The great benefit of the class work is shown in the general physical improvement of our members at the end of the year.

The classes are divided into the following: free movement, dumb bell, Indian club, high bars, parallel bars, German horse, vaulting and tumbling. The instructors and leaders are: Superintendent German F. Hoffman, Assistant Superintendent Everett F. Parks, and Messrs. Bertram J. Weston, E. W. Steele, Albert H. Ross, Maurice H. Thorner, L. D. Whiting, T. S. Connolly, E. H. Donohoe, T. L. Owens, and John A. Dykeman.

Special Classes for Boys are held every Saturday morning through the season.

The music for the class work has been in charge of
Music. our pianist, Mr. E. O. Downes, whose familiarity with the special requirements of this position has contributed in no small measure to the attractiveness of these drills.

The handsome white marble Hand-ball Court has been in constant use throughout the entire year; and
Hand-ball Court. the exhilarating exercise which the game affords, together with the required skill and the friendly competition, has been of great physical and mental benefit to large numbers of young men.

Bath-rooms.

Among the important adjuncts of all gymnasiums are the bathing facilities. The Bath-rooms, both gen-

eral and private, are models of construction and cleanliness, being under constant supervision by a special attendant. They are thoroughly equipped with the latest appliances in this line, which make hot and cold water bathing delightful and invigorating.

GROUP OF GYMNASIUM INSTRUCTORS AND MEMBERS.

A handsome bath-room, constructed of white marble, has been placed adjacent to the dressing-rooms at the easterly end of the Gymnasium, thereby adding to the convenience of the occupants of lockers in that section.

The dressing-rooms now contain a total of 1,381 ventilated lockers; and four private dressing-rooms, provided with extra large lockers, meet the special needs of many of our patrons.

Lighting.

The lighting of the Gymnasium by the arc and incandescent systems, and the introduction of electric fans, have resulted in a great improvement in the illumination and ventilation.

A GENERAL BATH-ROOM.

Exhibition.

One public exhibition was given on March 31, the programme consisting of many novel and attractive features which gave practical illustration of the advancement and proficiency of the members, and greatly entertained the large audience present.

Our Superintendent, Mr. Hoffman, and his assistant, Mr. Parks, have both largely contributed to the effectiveness and popularity of the class work and the general gymnasium work; and they have also given personal care and instruction to such individual members as sought their counsel.

The Bicycle-room connected with the Gymnasium is conveniently located on the street level, with a special **Bicycle-room.** entrance, and wheels are checked free. This privilege is extended to all members of the Union. The room is open on all days except Sundays.

INDIVIDUAL BATH-ROOM.

Massage.

The massage treatment remains in care of our expert masseur, Mr. Edwin F. Harding; and his services have been extensively availed of

by those who recognize the great benefit of this scientific treatment.

Physical Examinations.

Special attention is called to the opportunity extended all Gymnasium members for a free physical

examination by our Medical Director, Dr. William R. Woodbury.

The Medical Director's office has been recently supplied with a complete outfit of the most approved appliances for the testing and measuring of those who take physical examinations, these examinations being also in accordance with the Civil Service rules and methods.

When a young man joins a gymnasium, he should be guided so as to exercise intelligently; *i.e.*, his exercising should be adapted to his individual needs. The larger percentage of our members avail themselves of Dr. Woodbury's advice, and at the end of the term they are re-examined to ascertain exactly what progress they have made.

The report of our Medical Director, Dr. William R. Woodbury, is herewith appended in full.

GYMNASIUM GALLERY, AT EASTERLY END OF GYMNASIUM.

**REPORT OF DR. WILLIAM R. WOOD-
BURY, (Harvard) Medical Director.**

BOSTON, March 31, 1905.

Mr. WALTER H. DUGAN, Chairman of the Committee on
Physical Culture.

Dear Sir,—Three hundred and forty-nine Gymnasium members have been examined by your Medical Director during the past year. Many of these men were new members who, immediately upon joining the Gymnasium, came to the Medical Director to inform themselves of their particular needs, and to have a better understanding of how to make their Gymnasium work do them the most good. Every new member should obtain that information before he begins his work. A first-hand acquaintance with his physical condition, and a knowledge of the kind of work which he would best do, would bring to him greater benefit, and it would give to him added enthusiasm for his Gymnasium work and recreation. Men who go to gymnasiums go because they know they need physical exercise. If such exercise can be intelligently directed and made interesting, better results will be obtained.

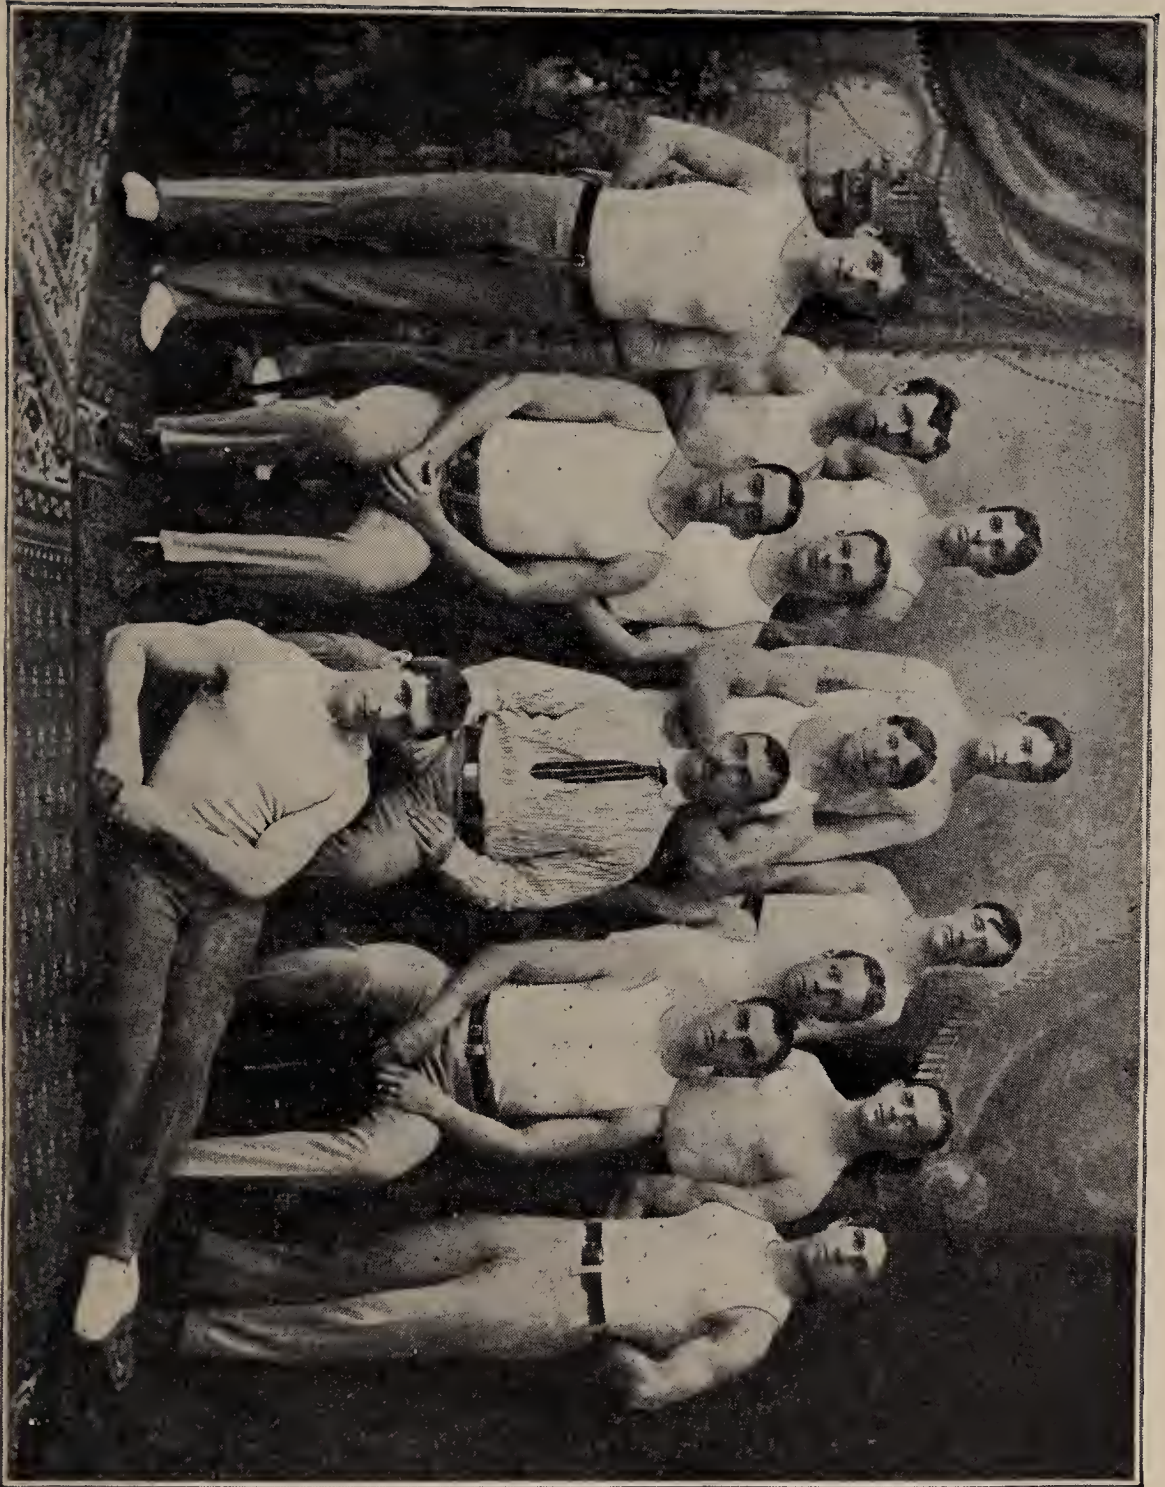

As in previous years, the Gymnasium members, who had been regular in their attendance, show the benefits which the Gymnasium can do them.

The past year a goodly number of men, more than fifty, came to the Gymnasium to qualify for the Civil Service examination for the Police and Fire Departments. These men were aided materially by the opportunities

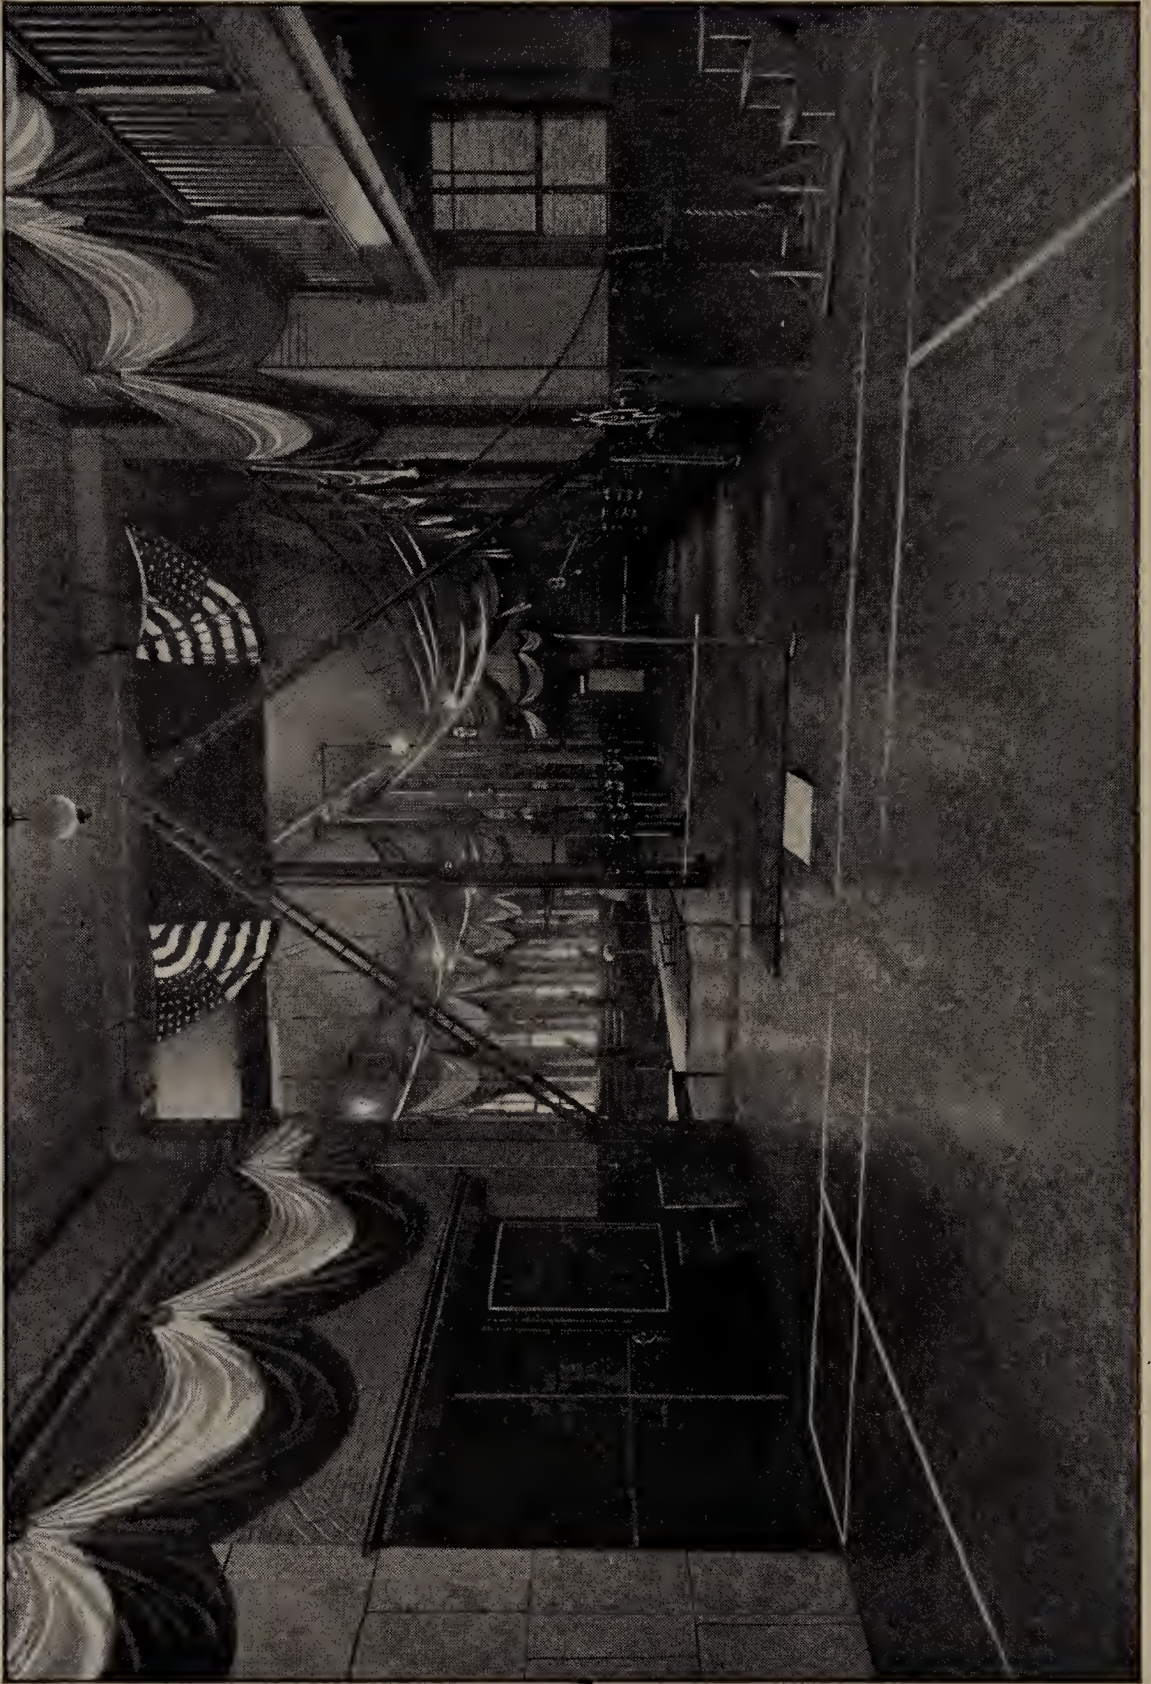

which the Union Gymnasium offers for such training. And by no means the least advantage which is available is the opportunity to try all the tests which the Civil Service Commission demands for candidates for the Police and Fire Departments.

Respectfully yours,

WILLIAM R. WOODBURY, M.D.

CONSTITUTION.

ARTICLE VI.

"Duties of the Board of Directors.

"It shall be the duty of the Board of Directors,—

"*First*, To provide for the use of the Society suitable rooms, centrally located in the city of Boston.

"*Second*, To provide and keep in said rooms such books, periodicals, and newspapers as will, in their judgment, promote the object of the Society.

"*Third*, To make such arrangements for social religious exercises as they shall deem practicable and conducive to the best interests of the Society."

A BRIEF HISTORICAL SKETCH OF THIS SOCIETY.

1851. The Boston Young Men's Christian Union was *instituted* in 1851, and *incorporated* under its present name in 1852.

Sept. 17, 1851, fifty-three years ago, the foundation of this society was laid.

After a successful existence of twelve years, its work was temporarily discontinued, in consequence of the interruption caused by the Civil War.

REORGANIZATION, APRIL 15, 1868.

The work was resumed again in 1868 under its present auspices, and rooms were provided at No. 12 West Street. These soon proving too small for the purposes of the society, larger ones were taken **1868.** in the fall of 1868 at what was then 300 Washington Street, corner of Suffolk Place, where the whole building above the first floor was eventually occupied.

These premises also proving inadequate, it became necessary again to move and enlarge the accommodations. A suitable lot of land having been found, a public appeal was made in the spring of 1874 for funds with which to purchase the land and erect a building for the society. By the generosity of its friends the necessary amount with which to begin the work was speedily secured.

NEW BUILDING.

The corner-stone of the new building was laid at noon of Sept. 16, 1875, in the presence of members of the Trustees and of the Board of Government, **1875.** and of a large number of interested friends.

COMPLETION AND DEDICATION.

The present building was completed and dedicated to the use of the Union March 15, 1876. By the munificent legacy of eighty thousand dollars from **1876.** the late Joseph B. Eaton, a Life Member, supplemented by the generous gifts of many friends, the society was enabled in 1879 (December 10) to hold its building free from all indebtedness.

The enlarged facilities not only increased the power

of the Union in various fields of benevolent work at home and abroad, but the greatly augmented membership tested the building to its utmost capacity.

ENLARGEMENT AND REDEDICATION.

In 1882, on account of the constantly increasing membership of the Union, and the growing and pressing need of still larger accommodations, the society found
1883. that the building was still not spacious enough, and an enlargement was deemed necessary.

An appeal was made to its numerous friends, who promptly responded; and the addition to the building was made and *dedicated May 28, 1883.*

The extension has a frontage of *seventy-two feet on Boylston Square*, so that now the Union Building has light from all four sides, and *covers over eleven thousand feet.*

Aims and Objects.

The chief aim of the officers of the society is to make the Rooms, to as great an extent as possible, a home for young men; to offer every possible attraction in the shape of books, papers, games, pleasant companions, evening classes, public religious services, lectures, amateur and musical entertainments, and other means of instruction and recreation.

Without losing sight of its special work, the Union has always been ready to discharge its duty to the community by such general benevolent work as may come within its scope.

In this branch of outside work the officers have been greatly assisted by members, and committees of ladies who have labored indefatigably and successfully. Among these special objects may be mentioned the "Christmas and New Year's Festival for Needy Children," the "Rides for Invalids," and "Country Week" for poor children.

In addition to these are the occasions when, at times of disaster abroad, the Rooms have been made a depot for the receipt of contributions, and a source for the distribution of relief.

Central Location.

The building is very centrally located, being situated on Boylston Street, corner of Tamworth Street, near Tremont Street overlooking the Common, and has also a frontage on Boylston square, with an entrance opposite Washington Street.

It is open to light and air on every side, is near the entrance to the subway, corner of Boylston and Tremont Streets, and nearly all the various lines of electric cars either pass the door or near by, on Tremont and Washington Streets.

Reception Room and Office.

The Reception Room is at the head of the first flight of stairs from Boylston Street, with side windows opening upon Tamworth Street, formerly called Lowell Place. The members and all other persons visiting the Union enter here, and from this room pass to the other portions of the building occupied by the society.

It contains the desk of the Curator, Librarian, and Book-keeper, and facilities for checking the garments of members. It is also supplied with tables for checkers and dominos, a Briggs Bagatelle Table, and the leading Boston daily newspapers on file.

The business of the society is here transacted, strangers and others desiring information are received, and such attentions are afforded as are in the power of the Union to furnish.

It is estimated that in the more active season (October to May) from **1,600 to 2,200 young men and others** visit the Union Rooms daily.

The room is open every day, including Sundays from eight o'clock A.M. to ten o'clock P.M.

The Sitting Room.

The Union Sitting Room, connected with this room, fronts on Boylston Street, and commands a fine view of the Common. It is pleasantly furnished, has a piano, and is intended to be a social room for members.

Chess Room. Adjoining the Sitting Room is the Chess Room, especially devoted to chess-playing, and open to members after two o'clock P.M.

President and Directors' Room.

The President and Directors' Room, connected with the Reception Room in the rear, is used for the business purposes of the society. It commands a view of the entire floor.

The Library.

The Library and Reading Room is in the L, and is also connected with the Reception Room. It is lighted with windows on three sides, and is furnished with a library of over seventeen thousand five hundred volumes, with the leading magazines, religious papers of all denominations, illustrated weekly, and daily papers.

The Library Room has a capacity for from forty thousand to fifty thousand volumes, and is the largest reading-room in Boston, with the exception of the Public Library, being one hundred and twelve feet long, and having five thousand feet of floor space.

Members can at all times take books from the shelves and read them in the room, the Library thus becoming so attractive that many are induced to spend their time in reading who would not do so unless the books were placed, as it were, in their hands. Books can be taken for home reading by having them charged at the Librarian's desk.

Correspondence.

Facilities for correspondence are furnished to members, in connection with the Library.

The Study.

The Union Study, opening from the Library, is supplied with books of reference, accessible to members at all times.

Toilet Rooms.

The Toilet Room, with bathing-rooms attached, is down a rear flight of stairs from the Reception Room.

The Gymnasium.

The Gymnasium, another flight below, on the ground floor, is spacious, and lighted on every side.

The improvements in 1883 added nearly three thousand feet of floor space, so that it is now one of the largest and the most complete gymnasiums in the country.

It is 136 feet in length, and covers 6,200 superficial feet, exclusive of dressing-rooms, or, in all, over 10,000 feet.

It is provided with bath-rooms, large dressing-rooms, and is furnished with a great variety of modern apparatus of the most approved patterns.

The dressing-rooms are fitted with commodious lockers, both free and private, a slight charge being made for the latter; and the members are entitled to the use of the shower, sponge, douche, needle, and tub baths, which are provided with hot and cold water.

The Hand-ball Court, in the Gymnasium, has a smoothly finished marble wall especially adapted to this game. Instruction is afforded to members by German F. Hoffman, Superintendent, Everett F. Parks, Assistant Superintendent, William R. Woodbury, M.D., as Medical Director; and Bertram J. Weston, E. W. Steele, Albert H. Ross, T. S. Connolly, Maurice H. Thorner, L. D. Whiting, E. H. Donohoe, T. L. Owens, and John A. Dykeman, Special Instructors.

Terms. Members of the Union become entitled, by the payment of **seven dollars per year**, to the use of the Gymnasium at all times when open.

Four dollars per year entitle them to its use after seven o'clock P.M.

Bicycle-check Room. A Bicycle-check Room, with an entrance on Lowell Court, has been opened for the *Free* use of members of the Union.

Committee and Class Rooms. Committee Rooms connect with the parlor and each other by wide doors, and are used, as well as other smaller rooms, as occasion requires.

Five large and three small Class Rooms were gained by the addition to the building in 1883.

The Union Hall. The Union Hall is reached by two easy flights from Boylston Street, as well as

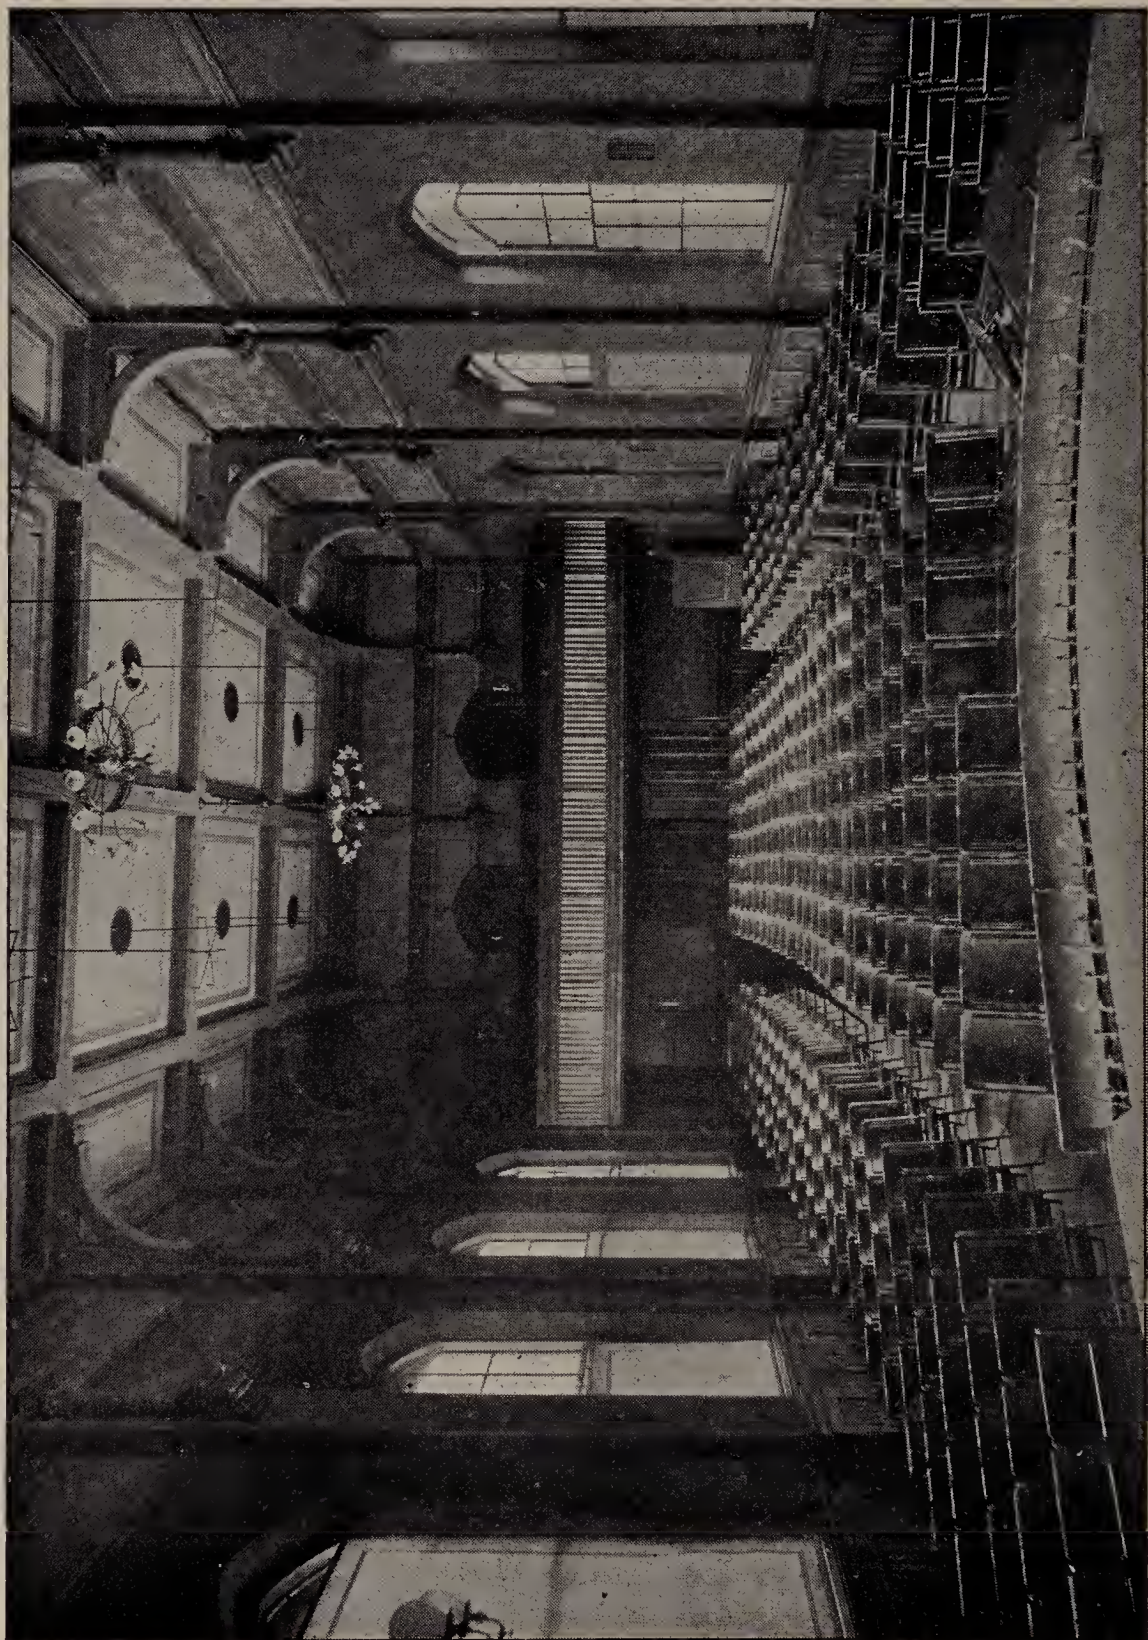

by a spiral staircase from the Reception Room, and has an exit on Boylston Square. It is furnished with folding seats, neatly upholstered in leather, and is capable, with the gallery, of seating five hundred and two people.

There is a ticket office on the street floor, which may be used in connection with this hall, when desired.

The Stage. The stage, which was enlarged and improved in 1883, is thirty-six feet wide and thirty-nine feet deep, with a proscenium twenty-one feet, and is the largest private stage in the city. It is provided with a modern asbestos fire curtain.

The Union Hall was redecorated in 1904, and is admirably adapted for concerts, lectures, and dramatic performances, for which it is provided with new and appropriate fireproof scenery. It is thoroughly ventilated, and has the incandescent system of electric lighting. Connected with the stage are large and convenient anterooms and dressing-rooms, with a separate entrance from Boylston Square.

The hall is used for religious services, lectures, entertainments, and other public purposes of the society, and is also let for similar purposes, when not used by the Union.

ROOMS FOR GAMES.

Eaton Hall. Eaton Hall is connected with The Union Hall by double folding doors, so that the two halls may be used together, if desired, and it is also used for the ordinary purposes of the society. It will seat about one hundred persons. This hall was named Eaton Hall in memory of the late Joseph B. Eaton.

Norcross Hall. Norcross Hall, which was gained by the addition to the building, is lighted with windows opening on Boylston Square. It has a large stage and anteroom, and has a seating capacity of two hundred and seventy-five. This hall was named Norcross Hall in memory of the late Hon. Otis Norcross.

The Parlor. The Union Parlor, reached from the Reception Room by the spiral staircase or by the main stairway, is in front, with a view of the Common. This cheerful and attractive homelike room contains a piano, pictures, etc., and is furnished with appropriate fittings, and open to the members from 7.30 to 9.45 o'clock each evening from November to May, except Sunday. (The Sitting Room is open at all times.)

The Waterston Collection. A choice collection of books,—over five hundred volumes, “The Waterston Collection,” — also a large number of stereoscopic views, foreign and American, are in the Parlor for the use of members.

Many of the members avail themselves of the social use of the Parlor, and find in it the comforts of a home; and it is earnestly hoped that many more will do so.

Rooms for games. Two small rooms connected with the Parlor.

RELIGIOUS SERVICES, CLASSES, ETC.

To promote further the objects of the society, public religious services are held every Sunday evening

in The Union Hall except during July and August.

Evening Classes. Classes are formed for the study of German, French, Spanish, Italian, Book-keeping, Penmanship, Elocution, Arithmetic, English Grammar, English Literature, Mechanical Drawing, Freehand Drawing, Electricity, Shorthand, Law, Civil Service, and other branches.

Illustrated Lectures, Readings, Amateur Dramatic, Musical, and other entertainments are given.

BENEVOLENT AND CHARITABLE WORK.

Benevolent Work. Under the supervision of the Committee on Benevolent Action, benevolent and charitable work is carried on in various departments.

The Employment Bureau aids members, and others, in getting employment. No charge in any way is made for this service. All persons who can furnish employment, or who know of vacancies to be filled, confer a great favor by communicating with this Bureau.

The Boarding House Department endeavors to provide good boarding places, at a moderate price, for those desiring them.

A Committee on Churches provides members with seats in *any church of the city which they desire to attend, free or at a moderate expense*, and renders such other services as are in its power.

A Committee on Clothing attends to the distribution of clothing, given for the purpose, to worthy young men needing such assistance.

A Committee visits and cares for members when sick.

Benevolent and charitable work of various kinds is

carried on by committees of members of the Union and the Ladies' Committee.

A Committee on the "Country Week" sends poor children into the country for vacations of ten days or a fortnight.

The "Invalid Rides" Department furnishes carriages for drives in the suburbs, to convalescents, in the hospitals and elsewhere.

All young men of good moral character, and claiming to believe in the truths of Christianity, without distinction of sect or party, shall be eligible as members of this Society; but no person shall vote at any meeting of the Society who has not been a member for the period of one year, at least, previous to such meeting.

ARTICLE III.

Admission of Members.

All persons qualified as before named, who shall be admitted in the manner herein provided, shall, upon the pay-

ment of *one dollar* annually, become and continue MEMBERS of this Society; upon the payment of *five dollars*, or more, annually, shall become and continue SUBSCRIPTION MEMBERS; and all persons so qualified and admitted, who shall pay the sum of *twenty-five dollars* in five or less annual instalments, shall become LIFE MEMBERS of the Society.

ARTICLE V.

Officers.

The officers of the Society shall consist of a Board of twelve Directors, who shall be elected by ballot from members of the Society, and shall constitute the Board of Government. At the annual meeting in the year 1898, four directors shall be elected, each to serve three years; four directors, each to serve two years; and four directors, each to serve one year; and at each annual meeting thereafter four directors shall be elected, each to serve three years.

Immediately after the annual meeting in each year the Board of Directors shall meet and organize, and shall choose from their number a President, Vice-President, Secretary, and Treasurer of the Society, for the ensuing year. All the above officers so elected shall serve for the terms respectively named, and until their respective successors are elected.

Vacancies occurring from any cause in the Board of Directors shall be filled by the Board of Government, and any director so elected shall hold office until the next annual meeting and the election of his successor.

Vacancies occurring in the offices of President, Vice-President, Secretary, and Treasurer, shall be filled for the remainder of their terms by the Board of Directors.

The Board of Government shall have power to appoint, subject to their direction, such other officers and committees from among the members as they may deem expedient.

ARTICLE VI.

Duties of the Board of Directors.

It shall be the duty of the Board of Directors,—

First, To provide for the use of the Society suitable rooms, centrally located in the city of Boston.

Second, To provide and keep in said rooms such books, periodicals, and newspapers as will, in their judgment, promote the object of the Society.

Third, To make such arrangements for social religious exercises as they shall deem practicable and conducive to the best interests of the Society.

Fourth, To induce the members of the Society to connect themselves with some of the religious societies in the vicinity, according always to their denominational preferences, and especially to seek out and impart information, and render aid, assistance, and encouragement to those who come as strangers to the city, striving to guard them against temptation, to surround them with Christian influences, and to interest them in the cultivation of a religious life.

ARTICLE VII.

Meetings.

The annual meeting of the Society for the choice of officers shall be held on the second Wednesday in April; and other regular meetings shall be held on the second Wednesdays of July, October, and January. The Board of Directors may call other meetings of the Society from time to time; and they shall call such meetings whenever requested so to do by the written application of any seventeen members, stating the purposes for which such meeting is to be held; said meetings to be called in such manner as the said Board may deem expedient, having previously given reasonable notice thereof. Seventeen members shall constitute a quorum of the Society for the transaction of business.

ARTICLE VIII.

Permanent Fund.

The Board of Directors may transfer such of the funds of the Society as they may think best to a Permanent Fund, may appoint five trustees to control such fund, and shall at the time of such appointment determine the character of the trust by an instrument in writing. Vacancies occurring at any time hereafter in the number of said trustees shall be filled by the remaining members, subject to the approval of the Board of Directors for the time being.

ARTICLE IX.

Amendments.

These articles may be added to, altered, or amended at any regular meeting, or special meeting called for the purpose, by a vote of three-fourths of the members present, provided that such additions, alterations, or amendments shall have been proposed in writing at one meeting, at least, prior to that at which they are to be acted upon.

At the first meeting of the Board in each year, eight standing committees shall be appointed by the President, who shall be under the authority and subject to the direction of the whole Board; and the reports of the various committees shall be first in order at each regular meeting of the Board. The committees may appoint, subject to the approval and ratification of the Board, such sub-committees from among the members of the Society as they shall deem fit, provided, however, that each sub-committee shall be subject in its action to the committee of the Board to which it is subordinate. The Board shall present, at the annual meeting of the Society, a detailed statement of the condition of the institution and of its operations during the preceding year.

ARTICLE V.

It shall be the duty of all committees to keep a detailed account of their proceedings, and at the end of the year to place the same, with the reports of their sub-committees, in the hands of the Secretary of the Society.

ARTICLE VI.

Amendments to By-laws.

The foregoing By-laws may be altered or amended at any meeting of the Board, providing two-thirds of the members present assent thereto; but no alteration, addition, or amendment shall be adopted at the same meeting at which it is proposed.
